

Dear Civil Gator,

Hall of Fame Nomination

We need your help identifying a distinguished civil engineer to honor in our next induction for our Civil Gators Hall of Fame. Honorees will be presented an award and have their picture displayed on campus in Weil Hall along with our past inductees.

Honor a Friend or Colleague

Please send us a name and short description of why a friend or colleague should be recognized in the Civil Gators Hall of Fame. We are looking for an inductee who is a role model and has enhanced the image of civil engineers through achievements in education, technical areas, business, public service, professional associations, or community service.

Reply in Minutes

This should take only a couple minutes. Responses should be short. The Civil Gators Board of Directors will contact you for more information as needed.

Membership is Not Required (but it's easy)

Nominees do not need to be members of Civil Gators. However, membership is now free so it is easier than ever to join. Please encourage any fellow Gator civil engineer to join Civil Gators at www.civilgators.com/MemberApp.

Thanks and go Gators!

Sincerely,

Civil Gators
